MEN AND WOMEN OF ABILITY.

We need refined and businesslike men and women in our organization-those able to maintain the high. standard of service which we require both as salesmen and in other situations.

There are excellent opportunities throughout the establishment as members of our selling organization and in clerical positions for those ambitious to associate themselves with an organization where congenial environment prevails and every provision is made for the comfort of the store family.

Married women and others who can spare but part of their time-a few hours perhaps in the middle of the day or certain days of the week.

The Employment Manager would be glad to talk over the matter at any time, preferably in the morn-
